

Afton Emergency Shelter

The Town and Village of Afton Emergency Planning committee would like to remind residents that the emergency shelter is at Afton Central School. People should get there right away rather than wait when water is rising so they don't get cut off on the east side of the river. People will be sheltered in the school; small animals in the bus garage. Call Donna Davy at 639-2409 or Supervisor John Lawrence at 235-6228 regarding the sheltering of large animals.
